

Simcoe ORHMA and Georgian College School of Hospitality Tourism & Recreation team up to launch three new industry information sessions.

Simcoe Region ORHMA has taken on the task of helping get the most current and relevant information to businesses and employers effected by recent government changes. ORHMA's partnership with Georgian College has set the stage for a series of 3 separate "Lunch and Learn" sessions held at Georgian College Dining Room at the Barrie Campus.

A representative from the Ministry of Labour will be presenting the current changes to Bill 148. This format will allow for an on-site question and answer period with information directly from the source regarding Bill 148 under the ESA. Not only is it the hospitality sector that is seeking information and clarification with the changes to the new Employee Standard Act (ESA), it's every sector.

Subsequent dates will feature a variety of topics and cover information of interest to the Hospitality Industry.

Along with becoming informed on changes from our government, these events are also an opportunity for the participants to see Georgian College Hospitality students fine-tune their skills in a live cooking and serving lab experience.

ORHMA is the largest provincial hospitality association in Canada and is dedicated to fostering a positive business climate for Ontario's hospitality industry, while providing value-added services to its members. With over 4,000 members, representing more than 11,000 establishments across the province, ORHMA is uniquely positioned to represent the issues that most impact our hospitality and tourism industry.

This lunch & learn information session is complimentary to attend. Limited number of seats so RSVP Early.
